

My Cancer Circle™

POWER OF COMMUNITY

At Boehringer Ingelheim Pharmaceuticals, Inc., and CancerCare®, we understand that cancer profoundly affects family members, friends and others who are close to a person diagnosed with cancer.

My Cancer Circle is a **free**, private support community for families and caregivers of patients facing cancer. It provides:

1

A simple online tool to help organize the community of people who want to help

2

A way to coordinate community efforts to more efficiently support patients and caregivers

3

Resources from CancerCare that can help support caregivers

4

A place to post words of encouragement and support, updates and information they want to share with their private community circle
