

Lotsa Helping Hands

create community

www.lotsahelpinghands.com

Create a free of charge, private, web-based community to organize family, friends, neighbors, and colleagues – a family's 'circles of community' – during times of need. Easily coordinate activities and manage volunteers with our intuitive group calendar. Communicate and share information using announcements, messages boards, and photos.

Caregiving

Perhaps you are caring for a loved one who is ill, or you are looking for ways to support a caregiving family. Coordinate meals, organize rides to medical appointments, manage logistical tasks that come with caregiving, and provide medical status updates.

Eldercare & Long Term Care

Organize caregiving for an aging parent, help your loved ones extend their independent living, or stay connected when caring from a distance. Keep track of vital medical, financial, and legal information, coordinate coverage, meals and visits.

Military & Veterans Families

Organize neighborhood volunteers to help a spouse who is alone when a family member is deployed, arrange for child care and meals delivery, or coordinate support for recovering veterans and their families.

Other Coordination Needs

Our service is also great for coordinating volunteer activities in your local neighborhood to support multiple families, managing volunteers and events in your school or religious institution as well as helping to coordinate meals and child care for new parents.
